This box can be easily lined with Dahle's Disposable Shred Bags and emptied or recycled when full. If you're not sure when that will be - don't worry. Your shredder will inform you with its visual warning indicators. Once your shredder is empty and the door is closed, it will resume normal operation.

The shredder's toggle switch allows for automatic on/off, continuous run, and reverse operation.

Safety features include automatically shutting off the shredder when the door is open.
