In order to protect our National Security, military and government agencies require higher levels of security from their paper shredders. This Dahle High Security Shredder is NSA approved for **NSA/CSS Specification 02-01**.

Known for its power and waste capacity, this Dahle High Security Shredder provides a practical solution for accommodating the shredding needs of even the busiest offices. Its attractive design and large waste bin make this a nice addition to any large office, copy room or communications center.

Dahle's 30434 Department Shredder has a maximum sheet capacity of up to 12 sheets* at a time and features a large capacity waste bin capable of holding 35 gallons of shredded material. It features state-of-the-art electronics that are easily controlled by a user friendly control pad. Soft touch buttons provide the ability to choose between auto on/off, continuous run and reverse. LED status indicators display warnings for Door Open, Bag Full and Overfeed.

This Dahle High Security Shredder is a serious machine capable of reducing a single sheet of paper into over 15,500 tiny particles. These particles are so small that they have been rendered impossible to reassemble. In a world of uncertainty one thing's for certain, whatever you put through these shredders, we guarantee will never be seen again.

Dahle High Security cutting cylinders reduce a sheet of paper to over 15,500 pieces.

Touch pad with LED indicators ensure you have total control of all shredder functions.
